

Caroline Ward BEng Technical Assistant

Caroline graduated from the University of Reading in 2005 with a BEng in Electronic Engineering and Cybernetics. She joined Sanderson & Co. in October 2006 as technical assistant to Jerry Walder and is now part-qualified and sitting the final exams towards qualification as a UK Chartered Patent Attorney and a European Patent Attorney. Following this, Caroline aims to qualify as a Registered Trade Mark Attorney.

Qualifications

BEng - Electronic Engineering and Cybernetics, University of Reading - 2006

Practice Areas

Patents, registered designs, trade marks, copyright and unregistered design advice.

Experience

In addition to her technical speciality in electronic engineering, Caroline's work includes handling patents for mechanical inventions and advising clients in relation to trade marks and designs.
